

## **Worskhop and exploratory visits**

Dear Sir/Madam,

### **Letter of invitation**

On behalf of the KTH-UDSM partnership for challenge driven education within the STINT MIC project we are pleased to invite you Arnold Exaudy Matemu (24/10/1997) KTH Royal Institute of Technology, Stockholm to join the KTH-UDSM workshop in August 2019. The aim of the workshop is to gain experience from the conducted cooperation between DAWASA, UDSM and KTH with respect to the challenges of Dar es Salaams water and sewage as well as develop new insight for the next project period of 2019-2020 and the continued cooperation within the Global Development Hub.

The workshop and the visits are planned for the period of Aug 17-26 2019.

Costs of the travel, accommodation and per diem for the delegates attending the workshop will be borne by the STINT MIC project.

Yours sincerely

Prof em Ramon Wyss, Project leader of KTH-UDSM STINT collaboration  
KTH Royal Institute of Technology
